THE CHALLENGE!

CHALLENGER

We Couldn't Have Given It A Better Name.

Do You Accept The Challenge?

Huge energy rings approach your spaceship from all sides. You prepare your defense. The moment arrives. You unleash your awesome triple guns and success . . . a direct hit . . . but wait . . . you haven't destroyed the rings but split them as they continue to approach.

Can't Take The Heat, Get Out Of The Kitchen.

The multiplied energy masses continue their relentless approach closing off your defense . . . there appears to be no escape . . . except . . . the warp! Activate the switch and transcend your ship to the other side of the screen.

But The Battle Continues

The energy rings quickly respond to your moves and the assault continues. Tension mounts as strange "Space Bogeys" join the foray weakening your already beleaguered defense . . . you have the power, but should you use it . . . the onslaught continues . . . you have no choice.

The Decision Is Made

You wield your triple guns for one last desperate attempt at the enemy . . . but the decision is inevitable . . . the button waits . . . but not for long.

Superbomb

All it takes is the push of a finger . . . the deed is done. You have released the ultimate weapon destroying all that's in its path . . . victory . . . for the time being.

You've Won The Battle, But Not The War

This is just the action in one of the 16 phases . . . with each phase becoming more difficult.
